## GREEN REAPER... THE IDEAL DELIVERY SYSTEM

Introducing **GREEN REAPER**, a revolutionary adjuvant that is the perfect carrier to deliver weed control onto the surface and into the bloodline of the targeted weeds. So effective, **GREEN REAPER** will return your fields to beautiful, weed free high yielding crops.

**GREEN REAPER** is a non-ionic adjuvant that extends the ability of the herbicide, fungicide, or insecticide to stay on the leaf for an extended period of time. Thus, dynamically improving the ability to penetrate the leaf's surface to enhance a faster and more complete kill. In field trials,

**GREEN REAPER** along with glyphosate, has shown the ability to kill weeds in as little as five days in proper weather conditions.

### KEY GREEN REAPER BENEFITS

- Can be utilized on any crop
- Enhances drift control properties
- Rainfast within an hour of application
- Effective on resistant weeds
- Mixes well with herbicides
- Excellent surfactant
- Increases chemical effectiveness
- Non-ionic polymer
- Contains no oils or solvents
